# Tick Awareness

As many of you know, my son was very poorly recently because of a tick bite and was rushed to hospital.

I will be sharing information about Tick's to make you more aware and what to do if you see a tic on yourself , a friend, a family member or your pet!

## How to Remove a Tic

1. Choose the most suitable hook according to the size of the tick.
2. Engage the hook by approaching the tick from the side until it is held.
3. Lift the hook very lightly and turn it. The tick detaches by itself after 2 or 3 rotations.

Ruby says " I hope June is sunny so I can sunbathe!"
