DOG OF THE MONTH: FEB 2015
Bertie (Pic Above)
Bertie & Friends (Right)

*Dog of the month goes to....
Bertie "Jack Russell"*

Bertie joined us over a year ago and was nervous around other dogs and needed work on his recall and for a long time was walked on his lead only without any off lead time. With lots of time, patience and socialisation (with all different breeds and sizes and of course yummy treats), Abi and I have seen a

massive difference in Bertie.

He is now walked off lead on every walk, his recall is brilliant and walked with other dogs and loves playtime on every walk. He has made so many friends on his walks it is difficult to imagine what he used to be like before all this training. Well Done Bertie!!!!

Goodbyes & Welcomes.....

A very sad goodbye to Mac who made it to a ripe old age of 15 but sadly on Tuesday he made his way over to the rainbow bridge after weeks of struggling to get up and about. We will miss you Mac!

Although losing Mac was incredibly sad we have welcomed some new clients this month to the walks and some just for visits:

- Bella & Biffa
- Maisy- Springer Spaniel
- Ben- Beagle
- Chase & Kiso
- Farley- Beagle Puppy
- Marley- Husky
- Monty- Jackapoo Puppy

New Logo Launch & New Staff.....

Lotty's Long Walks says goodbye to the original green dog and says hello to our new professional logo! I would also like to Welcome new member of staff Jade Burnby - she is joining us on a part time basis and is slowly meeting all the dogs at Lotty's Long Walks.

Microchipping Laws coming in 2016

Every dog owner in England will have to microchip their animal from 2016 under plans intended to cut a rise in strays.

The microchips will be coded with owners' details, and owners who do not comply could face fines of up to £500.

A legal loophole may also be closed, meaning owners could be prosecuted over an attack by their dog on private land.

The RSPCA welcomed the proposals, but said it doubted that they alone would "make owners more responsible or ensure fewer dogs bite people".

Government figures reveal that more than 100,000 dogs are dumped or lost each year, at a cost of £57m to the taxpayer and welfare charities.

Ministers hope the change in the law will help reunite owners with lost or stolen pets and relieve some of the burden on animal charities and local authorities.

118,932 strays

 = 1,000

55,898 returned to owner

7,098 were microchipped*

6,900 were put to sleep

The change in the law will be effective from **6 April 2016**. Any owner whose dog is found without a chip and can be traced by local authorities will have a short period of time to have the dog micro-chipped.

Why not book your appointment today... have your pet micro-chipped in the comfort of your own home for £10!

No stress or anxiety trips to the vets for your dog or cat.
All dogs or cats must be 8 weeks +.
